"Crazy Love" by Francis Chan

Have you ever wondered if we're missing it? It's crazy, if you think about it. The God of the universe, the Creator of nitrogen and pine needles, galaxies and E-minor, loves us with a radical, unconditional, self-sacrificing love. And what is our typical response? We go to church, sing songs, and try not to cuss.

Does something deep inside your heart long to break free from the status quo? Are you hungry for an authentic faith that addressed the problems of our world with tangible, even radical solutions? God is calling you to a passionate love relationship with Himself. Because when you're wildly in love with someone, it changes everything.

"Crazy Love" will be our course of study
for the week.
